## Publish your modules

### Register a public branch

If you register your branch in the OpenERP modules list, we will checkout all your updates on a daily basis. New modules and updates will be automatically published on this website. Your branch may contain several modules, one module per directory in the root directory.

Bazaar Branch:  OpenERP Version:

Ex: lp:~c2c/openobject-addons/5.0-c2c-official

### Upload a .ZIP file

ZIP File:   OpenERP Version:

### Use our scripts

We are working on a web-service API in order to publish modules using very simple scripts. Please come back here in a few weeks if you are interested.
